RE: HLC Summer Shootout

Welcome to UW-Oshkosh. We are in our 16th year of HLC and our 9th year of our tournament in Oshkosh, WI. HLC is an off-season basketball program that offers Traveling Teams, Going Back to The Basics Basketball Camp, Tournaments, Basketball Skills Classes, HLC's Skills and Drills Program, a Video Workout Program and an Individual Workout Program.

For more information you may visit our website at: www.higherlevelcamps.com

We have over 60 teams attending. We will use 7 courts and will award medals to 1st, 2nd and 3rd place.

The schedule is **SET AND IS FIRM**. Please do not try to ask for changes. Everyone has a request and it is not possible to honor all these requests. The upside in all of this is that you will be playing your 5 games on Friday and Saturday or Saturday and Sunday. Some teams will play 6 games.

Make sure you check in when you come to the tournament and please play all the games you are scheduled for. We did bracket according to grade/ ability/ AAU status by the information that was sent to us. This should be a very competitive tournament.

Cory Graef and David Ambrosious will be our site-directors.

Our staff has spent many hours trying to put the best possible schedule together. If you do have some concerns please let us know.

Our expectation is that players, coaches and parents will treat the officials with respect.

If you have questions or concerns you may contact our office at 920-929-9008

Again, thanks for being a part of HLC and we look forward to another fun weekend. Remember, our attitudes as adults will have a direct impact on our youth.
