I WANT TO COACH BECAUSE:

- I want to coach for HLC because I could really help out the program and I love to coach. I love the challenge of starting from the bottom and working our way up through hard work, discipline, focus, and mastering the fundamentals. Coaching is my passion. Especially with the youth I feel I have the right patience, and motivation to keep the kids engaged and learn never to settle. You can always push yourself harder even when you think you've gave it all you had. It will always come down to the player to WANT to put in the work and if they are I'm definitely the right fit for them. I look forward to getting started and have as much fun as we can because at the end of the day you have to love what you do.”
