

HLC COVID-19 SAFETY PLAN

HLC will continue to follow CDC guidelines and WIAA guidelines when applicable

HLC's MISSION

HLC's VISION

HLC's VALUES

Greetings from the office of Higher Level Camps, Inc. based in FDL, WI established, 1995. As we continue to face the pandemic of COVID-19 that has spread around the world, HLC has put a safety plan in place to continue to offer youth basketball programs. This plan has been in place since August of 2020 as we have conducted other youth basketball programs in Milwaukee, Beaver Dam, Wisconsin Dells and Eau Claire, WI. Programs HLC hosted in the fall of 2020 are listed below:

- **Tryouts-** September and October
- Martin Luther HS (Greendale, WI)/ Powerhouse Fitness (Beaver Dam, WI) / Eau Claire YMCA
- **Fall Ball-** Just A Game Fieldhouse- October (WI Dells, WI)
- **HLC Jr Jam Basketball Tournaments-** December- The Barn (Menasha, WI)

HLC works closely with other AAU Programs in Wisconsin and throughout the USA to put together the **WI Smart Start Program**. This is designed for all sports organizations to use to assure the safety and well-being of those attending sporting events. From these documentations each program will form their own SAFETY PLAN that applies to the sports programs they host.

HLC SAFETY PLAN INCLUDES:

- **HLC COVID-19 Release Form-** parents of all players will sign this form to participate in any program HLC is hosting
- **HLC Records-** HLC keeps track of players and coaches who attend our events
- **COVID-19 Stats-** stats show from this summer that during athletic events only 19 out of 1,442 tested positives for COVID-19 and all recovered with no hospitalizations
- **Gym Guidelines-** Tryouts/ S&D/ Practices/ Tournaments
- **Wisconsin Smart Start Program-** available for any organization to use

Based on the research the Wisconsin Smart Start Committee did and the safety guidelines we have in place, HLC can continue to move forward and offer youth basketball programs into 2021 and beyond.
